# Alphabet Emergent Readers

©www.thisreadingmama.com

Each alphabet emergent reader comes in three different options!

## 1- Readers for a Single Learner

Just print, cut, and staple. These work best for just one learner.

## 2- Readers for Multiple Learners

Each page is doubled up to make it easy to print, cut, and staple for a small group or whole group of emergent readers.

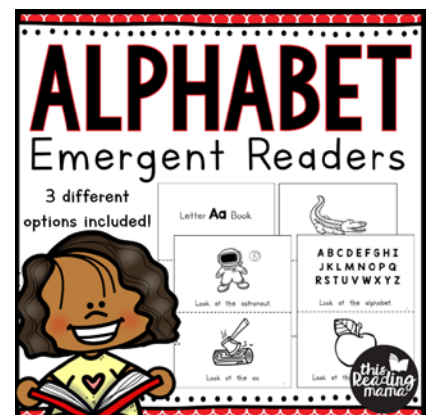

## 3- One-Page Readers

Each book is on just one page of text to save ink and paper.

Learners may enjoy using the one-page reader into horizontal strips. Once cut, mix the strips up out of order. Learners can re-read the book and glue the strips down in order on a piece of construction paper.

When you can most certainly read these in any order you'd like, you'll find my suggested order on the back page of each reader. Just look for the part that says, "from *Reading the Alphabet* Lesson #." This is the order in which the books and sight words are presented in my full curriculum.

**Note:** Readers that match lessons 7, 14, 21, 26, and 31 are missing from this pack, as those are word family readers from *Reading the Alphabet*.
