

# HELPFUL TIPS FOR USING:

~ NO PRINT ~

## Letter Sounds

Spell in the Blank for Google Drive

for Beginning, Ending,  
and Vowel Sounds

# THANK YOU

Thank you for purchasing this digital resource!

## **Terms of Use:**

The purchase of this resource is for single classroom use only. You may use this resource for each of your own students. You may not redistribute, edit, sell, or post this product on the internet, to other individuals, or to a public retrieval system that can be viewed by anyone other than your students.

If a coworker or teammate is interested in this resource, please encourage him/her to contact [becky@thisreadingmama.com](mailto:becky@thisreadingmama.com) or buy additional licenses for them from Teachers Pay Teachers.

Thank you for your integrity,

*~Becky*

# FOR GOOGLE SLIDES:

1. Sign into your Google account.
2. Click [HERE](#) for the link.
3. Click the blue button that says, “Make a copy” to transfer to your Google Drive.
4. The editable copy is now in your Google Slides and Google Drive.
5. There are a couple options to get this to your learners.
  - Send out an email to learners with the link.
  - Share with your learners in Google Classroom. Be sure you “Make a copy for each student” in Google Classroom.

[Visit my blog post](#) for more questions & answers about this product.

# FOR iPADS:

1. First, make sure you have the Google Slides app on your iPad. It's free.
2. Be sure your learners are using the slides in **EDIT mode, NOT presentation mode**. (You'll see a menu up at the top in edit mode. See screenshot.)
3. In order to move the pieces, encourage your learners to lightly tap the letter they want to move at the bottom of the screen. A blue box will appear around the letter when it is tapped. This may take some trial and error at first. (See screenshot.)
4. Once the letter has been highlighted, they can move it by lightly pressing in the center of the letter and dragging it up their finger. ("Pulling" on the corners of the blue box will distort the letter, so encourage learners to keep their fingers **IN** the blue box.)

2. You'll see this menu in edit mode.

3. Blue box around letter after it's been tapped by finger.

# FOR MICROSOFT ONEDRIVE

1. Click [HERE](#) for the link.
2. Open the Google Slides.
3. From the menu, go to FILE > Download as > Microsoft PowerPoint (.pptx)
4. You will need to download the file to your own computer before the next step.
5. Open your OneDrive. Create a folder for your visual menu resource. This step is recommended to keep you and your learners organized.
6. From the menu, select Upload > Files. You can drag and drop the file from your computer or select the file to upload it.

Make sure your Google Drive resource is ready to be shared with your learners, if you choose to do so. Always open it to make sure it's in good working order before presenting it to them.

Instruct your learners to interact with the resource in "edit mode." This allows them to add their own text and/or move pieces.

The user will be prompted to choose to edit the file in PowerPoint or online. Select online. It will then open in browser. Follow your normal steps in sharing the file with your learners. Go to Share > Share with people. Choose the option to View only. Teach your learners how to make a copy on their own device before editing the file. This ensures that your learners don't edit the original file.
