These cards come in blackline printable cards. Only the digital cards are in color. The language is controlled to:

- Sight Words: Pre-primer through Second Grade Words
- Phonics: CVC, blends, digraphs, r-controlled vowels, silent *e* words, long vowel teams, diphthongs, & other vowel teams

Terms of Use: This printable pack was created for you to use at home with your child(ren) or with multiple children in a SINGLE classroom/tutoring setting. Please do not share this file between classrooms. Instead, encourage others to visit my blog to get their own copy. Please do not sell, host, share, reproduce, giveaway, or store on any other site (including a blog, Facebook, 4Shared, Dropbox, Amazon Inspire, etc.). Thank you!

Fluency Card Directions

www.thisreadingmama.com

1. Choose the level appropriate for your learner based on the phonics skills and sight words. Hint: It's better to choose a level that's too easy than a level that's too difficult for fluency practice.

2. On the top line, the learner simply reads/says the words. This is his first practice through and can be used to make sure he knows how to read all the words. If your learner doesn't know a word, help him figure it out or tell it to him.

3. On the second line, the learner traces his finger along the scooping phrase lines under the words.

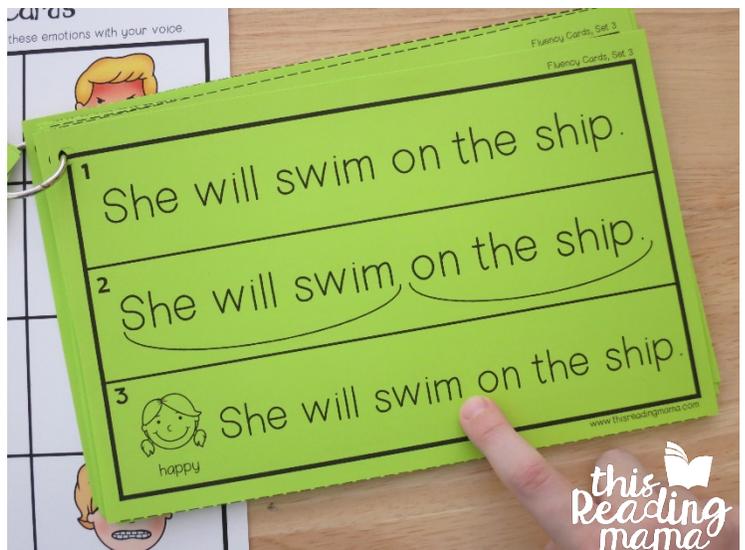

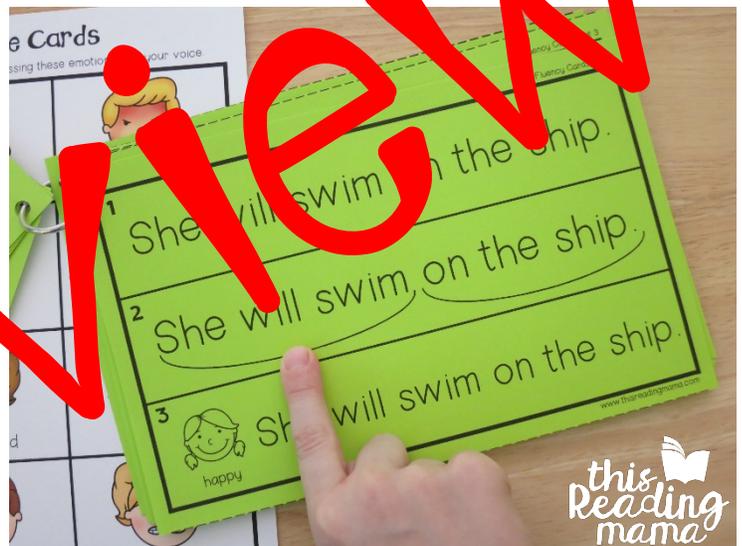

As he scoops, he groups the phrases together.

Example: (She will swim)... (on the ship.) A *very slight* pause goes between the words *swim* and *on*. (Black and red words are included if you choose to scoop the phrases in a different way.)

4. On the third line, the learner thinks about expressing emotion and phrasing.

Using the picture, the learner combines emotion and phrasing to read the sentence again. The learner may choose to still use scooping phrases with his finger or go without.

If a learner has trouble with any emotion, practice or model them using the "Emotions Practice Chart."

Emotions Practice Chart

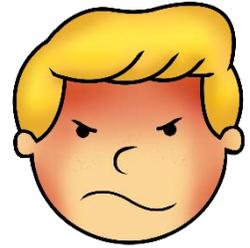

Talk about these emotions with learners. Practice expressing these emotions with your voice.
