Click [HERE](#) on the image below to see a picture tutorial for assigning the digital products you buy for Seesaw.

1. Sign into your Seesaw account.
2. Click on the Seesaw links on the previous page of this PDF.
3. Click on the blue "Save Activity" button to save the activity in your Seesaw library.
4. Click the green "Assign" in "My Library."
5. Click "Assign" to assign the activity to your entire class or specific students.
6. When your students get on Seesaw do the activity, they will need to click "Add Response" and pick their name.

GOOGLE

links & directions

1. Sign into your Google account.
2. Click [HERE](#) for the Google Slides Suffix Pages.
3. Click the blue button that says, “Make a copy” to transfer this file to your Google Drive account.
4. The editable copy is now in your Google Slides and Google Drive.
5. Get the copy to your learners by:
 - Sending out an email to learners with the link.
 - Sharing it with your learners in Google Classroom. (Be sure you “Make a copy for each student.”)

If you don't want to use all the slides with your learners:

- Go to FILE -> MAKE A COPY. Rename the copy.
- Delete the slides you don't want in the copied version.
- Only keep the slides you want. Be sure to “Make a copy of each student” if you're using in Google Classroom.

[Visit my blog post](#) for more questions & answers about this product and Google Slides/Drive.

MICROSOFT ONEDRIVE

links & directions

1. Click [HERE](#) for the Google Slides Suffix Pages.
2. Open the Google Slides.
3. From the menu, go to FILE > Download as > Microsoft PowerPoint (.pptx)
4. You will need to download the file to your own computer before the next step.
5. Open your OneDrive. Create a folder for your visual menu resource. This step is recommended to keep you and your learners organized.
6. From the menu, select Upload > Files. You can drag and drop the file from your computer or select the file to upload it.

Make sure your Google Drive resource is ready to be shared with your learners, if you choose to do so. Always open it to make sure it's in good working order before presenting it to them.

Instruct your learners to interact with the resource in "edit mode." This allows them to add their own text and/or move pieces.

The user will be prompted to choose to edit the file in PowerPoint or online. Select online. It will then open in browser. Follow your normal steps in sharing the file with your learners. Go to Share > Share with people. Choose the option to View only. Teach your learners how to make a copy on their own device before editing the file. This ensures that your learners don't edit the original file.
