

# seasonal Mapping Mats

Includes 4- and 5-phoneme mats + word lists!

# PREVIEW

# seasonal Mapping Mats

Includes 4- and 5-phoneme mats + word lists!

## This Pack Includes:

- Why the mapping mats are effective
- How to use the mats step-by-step
- TEN mapping mats for each season
- Seasonal word lists (organized by phonemes)
- TEN bonus/anytime mapping mats
- Up to 4-phoneme mapping mats
- Up to 5-phoneme mapping mats

# Why use these Mapping Mats

1. Phonemic awareness, the ability to hear and manipulate the individual sounds in words, is imperative for both reading and spelling. Learners must be able to blend the individual sounds of /h/-/a/-/t/ in order to read the word, and they must be able to separate or segment the three sounds of *hat* in order to spell the word. These seasonal mapping mats help our learners separate the individual sounds and then blend them back together, reinforcing two of the most important skills for reading and spelling.

Read more about phonemic awareness on my blog:

<https://thisreadingmama.com/teaching-phonemic-awareness/>

2. Understanding the Alphabetic Principle is vital to both reading and spelling. It is possible for learners to know their letter names and their letter sounds and still lack the understanding for how to apply that knowledge to read and spell words. These mapping mats help learners listen for the sounds in words and then use their letter knowledge to both spell and read words. This reinforces the Alphabetic Principle.

Read more about The Alphabetic Principle on my blog:

<https://thisreadingmama.com/alphabetic-principle/>

3. Orthographic Mapping is a skill we want our young readers and writers to master because it helps them store the sound-spelling relationships of words for future retrieval. Instead of memorizing whole words or just looking at the first letter and guessing the word, we want to teach our readers how to use all the data in the word to map the sounds to their spellings. These mapping mats lead learners through the process of mapping sounds and spellings.
